### II. CHECKLIST INSTRUCTIONS

The checklists are for Election Officers to use on Election Day. They should be followed sequentially except as noted below. **Election Officers shall follow the checklist steps during the election and put a checkmark in the box when they complete a step**. The *Election Officer Manual* contains additional information about some of the checklists. Refer to the manual as necessary.

Legal citations in this document (i.e. §1111) are from <u>Delaware Code</u>, Title 15.

Run the election using the checklists as follows:

Checklist V - Arrive at the Polling Place at 6 a.m.

Checklist VI – Set up the Voting Machines.

Checklist VII - Set up the Polling Place.

Checklist VIII - *Processing Voters* and Checklist IX - *Voting:* Follow the procedures on these checklists for each voter as appropriate.

Checklist X – Address and Name Update and Checklist XI – Provisional Voting: Follow these procedures at the Update Table to handle specific voter issues.

Checklist XII - Close the Voting Machines: Follow these procedures after the last person has voted, but not before 8 p.m.

Checklist XIII - Close the Polling Place.

Checklist XIV – *Voting Machine Troubleshooting:* Use when necessary.

Checklist XV – Lowering the Voting Machine to Accommodate Voters: Use when necessary.

Checklist XVI – *Error Codes:* Use when necessary.

Checklist XVII – *Polling Place Emergency:* Use when necessary.

Call the Voting Machine Desk at 577-5060 if you have any questions.

### **III. ELECTION DISTRICTS**

• The smallest unit in Delaware's Electoral System is the Election District. Each Election District has less than 3,000 registered voters and encompasses an area within a single Representative District, a single Senate District, a single County Council District, and a single City District when the Election District is in Wilmington. Each Election District has its own Polling Place, although two or more Election Districts may vote in the same building. Election Districts are referred to by the combination of the number of the Election District and the Representative District. This is known as the ED-RD. The 4<sup>th</sup> Election District in the 6<sup>th</sup> Representative District would be ED-RD 04-06.

☐ Put the signed Oath of Office form in the gray Other Documents envelope #2 and discard the other copy.

# C. SET UP THE CELLULAR TELEPHONE.

☐ The Inspector will use his/her personal cell phone during the election.

If there is static or you are unable to complete a call from within the voting area, go to another part of the building or outside to make your call.
Leave the phone plugged in and turned on at all times so the Department may contact you if necessary.
If at any time the Inspector's phone ceases to operate and another Election Officer's phone is being used, notify the Voting Machine Desk at 577-5060 with the replacement phone number.

### VI. SET UP THE VOTING MACHINES

- Do this checklist for each voting machine assigned to the Election District.
- If you have a problem setting up a voting machine, continue the set-up process with the other machine(s) before reporting problem(s).

WARNING: EVERY VOTING MACHINE IN THE POLLING PLACE SHALL BE SET UP, OPENED, USED AND CLOSED!

# A. FIND THE VOTING MACHINES FOR THE ELECTION DISTRICT.

WARNING: THERE IS OFTEN MORE THAN ONE ELECTION DISTRICT IN A BUILDING. MAKE SURE THAT YOU ONLY OPEN THE VOTING MACHINES ASSIGNED TO YOUR ELECTION DISTRICT.

Use the list mailed to the Inspector to find the voting machines assigned to your Election District.

If you cannot find those voting machines, immediately call the Voting Machine Desk at 577-5060.

Call the Voting Machine Desk at 577-5060 if there are any other problems with the voting machines in the building.

### B. SET UP THE VOTING MACHINES.

- Repeat the steps in this section for every voting machine assigned to the Election District.
- The handle is at the front (voting end) of the voting machine and the wheels are at the back of the voting machine.
- Leave enough space on each side of the voting machine so that people can
  easily get to the OFFICERS CONTROL PANEL that is located on the back of
  the voting machine.
- Make sure that the floor at the front (handle end) of the voting machine is smooth and clear of obstructions so that the handle can extend without interference.

WARNING: BE CAREFUL NOT TO TRIP OVER POWER CORDS OR EXTENSION CORDS. USE CAUTION IF YOU MUST WALK BEHIND OR BETWEEN MACHINES THAT ARE CHAINED TOGETHER.

WARNING: DO NOT DROP THE VOTING MACHINE WHILE LOWERING IT TO THE HORIZONTAL POSITION. THIS COULD SERIOUSLY INJURE A BYSTANDER AND/OR DAMAGE THE VOTING MACHINE.

- Move (by tipping and rolling) the closed voting machine to the right place in the voting area.
- If the voting machine is more than ten feet from an AC power outlet, move it closer to the outlet or use an extension cord.

☐ Two Election Officers take hold of the handle of a voting machine and slowly lower it to the floor (horizontal position).

Use the voting machine case seal at the back of the voting machine with wire cutters, remove the cut seal from the voting machine and put it on the Officers Table.

- Make certain no one is standing in front of the machine while you are lifting the lid.
  - Undo the two black latches at the back of the voting machine and then slowly lift the lid to the open (vertical) position until it latches.

- If any seal or counter number does not agree with the corresponding number on the *Voting Machine Certificates*:
  - Strike through the incorrect number on the *Voting Machine Certificates*.
  - Write the correct number on the Voting Machine Certificates.
  - The Inspector and one other Election Officer shall initial each correction.
  - Report the problems to the Voting Machine Desk by calling 577-5060.
  - ☐ Take the *Documents Envelope* out of the lowest numbered voting machine and remove the two (2) *Voting Machine Certificates*.
  - ☐ If the serial numbers on the voting machines and the serial numbers on the Voting Machine Certificates match, continue with the next step. Otherwise, immediately call the Voting Machine Desk at 577-5060.

- The case seal sometimes breaks in transit. If the other seals are intact and the numbers are the same as on the *Voting Machine Certificates*, write that the case seal is missing or broken on the *Voting Machine Certificates* and go to the next step. If other seals are missing, immediately call the Voting Machine Desk at 577-5060.
  - ☐ Make sure that the voting machine case seal number(s) are the same as on the *Voting Machine Certificates*. Put the cut seals in the trash.
  - ☐ Take hold of the top of Ballot Box with one hand and of the bottom with the other hand and then slowly rotate it to the operating position.
  - While standing at the front of the voting machine, press the latch on the top of the Ballot Box as you gently pull the Ballot Box doors open.

- ☐ Pull the WRITE-IN window closed if it is open.
- Compare the voting machine serial number with the ballot number visible in the window below the lower left corner of the transparent ballot cover and printed at the top of the ballot. If the numbers are different, immediately call the Voting Machine Desk at 577-5060.

☐ Compare the ballot in the voting machine with a Sample Ballot. If the offices and/or candidates are different, immediately call the Voting Machine Desk at 577-5060.

**YOTER INFORMATION CENTER: 577-8300** 

REGISTRATION automated inquiry: 577-3464

**TVOTING MACHINE DESK: 577-5060** 

☐ At the back of the voting machine, make sure that the printer door is

closed and sealed. If this seal is broken or missing, immediately call the Voting Machine Desk at 577-5060 after you have finished this checklist for all assigned voting machines.

☐ Make sure that there are unnumbered seals on the Open and Close Polls Buttons.

Plug the voting machine power cord into a standard 110v outlet. There is a 3-prong adapter in the base of the machine to use if the wall outlet will only accept a 2-prong plug. You may also plug one machine into the side of another machine if there are not enough conveniently located outlets.

# WARNING: DO NOT PLUG ANYTHING INTO THE OUTLET ON THE SIDE OF A MACHINE EXCEPT ANOTHER VOTING MACHINE.

- Prepare the right-most voting machine for use by a visually impaired voter. This
  machine shall also be used throughout the day by voters who do not need an
  audio ballot. You will only activate ADAM when necessary.
  - Remove **ADAM** from the blue padded bag that is in the base of the voting machine.

19

Attach the interface cable from the device to the back of the right-most machine. There is a port to the right of the OCP below the clear plastic Emergency Evacuation pouch. Make sure the

connector is properly oriented – the colored dot up.

Gently tighten the connector thumbscrews to prevent the cable from falling out during use.

Place the unit, without a headset attached, on the back shelf of the voting machine until it is needed for a visually impaired voter.

- Once ADAM is installed on one machine, continue with the following procedures for all machines
- The left curtain rod is the on/off switch. Do not lower it unless you are told to do so by a checklist, a technician, or someone at the Voting Machine Desk.
  - At the front of the voting machine, raise both curtain rods and put each one in the notch of the support bracket at the top of each ballot box door.

• It may be easier for some people to put the curtain on with the voting machine in the kneeling position. See Checklist XV for instructions.

- **VOTER INFORMATION CENTER: 577-8300**
- **TOTAL STATE OF STAT**

- Install the curtain as follows:
  - ☐ Take the curtain from the base of the voting machine, and unwrap the curtain from around the folded curtain rods.
  - Unfold the right side (facing the voting machine) of the curtain and slide the right flared end of the rod onto the right support rod, and then unfold the left side of the curtain and slide the left flared end of the rod onto the left support rod.

☐ If the left support rod is accidentally lowered and the voting machine is turned off, do the following:

- WAIT FIVE SECONDS;
- Lift the left curtain support rod and put it back in the notch in the support bracket at the top of the left Ballot Box door.
- Insert the bottom of the curtain's right roped edge into the slot at the top of the right Ballot Box door.
- Gently pull the roped edge down the slot while feeding the remaining curtain in at the top, until tight.

- ☐ Fasten the bottom edge of the curtain to the Ballot Box door by attaching the two Velcro patches on the curtain to the corresponding Velcro dots on the Ballot Box door.
- Repeat the above three steps and attach the curtain to the left Ballot Box door.

- Attach the *Additional Voter Instructions* poster to the front right side of the curtain with spring clips.
- ☐ If you lowered the voting machine to the kneeling position, return it to the upright position.

At the back of the voting machine, make sure that the green light is in the top position of the POLLS READY TO OPEN box.

☐ Cut the seal on the OPEN POLLS button with wire cutters and then press the OPEN POLLS button.

At the front of the voting machine, **press** the blinking red button to the left of the WRITE-IN window. The window opens and you see the paper tape.

- **TOTAL STATE OF THE PROPERTY O**
- **TOTING MACHINE DESK: 577-5060**
- REGISTRATION automated inquiry: 577-3464

- ☐ Compare the numbers that are printed on the paper tape with the ballot serial number located in the window at the lower left corner of the ballot frame or that is printed at the top of the ballot. If the numbers are different immediately call the Voting Machine Desk.
- ☐ After the tape advances, all Election Officers shall look at the "ALL COUNTERS = ZERO" statement.
- Press the blinking red button at the left of the WRITE-IN window. The Inspector signs the tape. Repeat pressing the blinking red button and signing the tape for each Election Officer in the Polling Place who looked at the "ALL COUNTERS = ZERO" statement.

After the <u>last</u> Election Officer present has signed the tape, the Inspector shall pull the WRITE-IN window closed. **DO NOT** press the blinking red button after the last Election Officer has signed the tape.

At the back of the voting machine, make sure that the green light in the POLLS OPEN box is illuminated and that the number on the PUBLIC COUNT/DISPLAY is zero. The voting machine polls are now open.

Report any problems to the Voting Machine Desk by calling 577-5060 **before** you permit anyone to vote.

### VII. SET UP THE POLLING PLACE

- Arrange the tables and chairs to make the flow of people through the voting process as efficient as possible. See the drawing of a typical Polling Place in the *Election Officer Manual*.
- Put a trash can near the entrance to the room so that voters can throw away political literature.

# A. ARRANGE THE TABLES AND CHAIRS.

- ☐ Put the Officers' Table facing the front of the voting machines.
- ☐ Put the Update Table near the entrance to the voting area.
- Put the Challengers Table near the Officers' Table. The Challengers Table is generally behind the Officers' Table and should be close enough to the Officers' Table so that Challengers can hear the voters say their names and addresses to the Election Officers.

- Put two to three chairs near the Officers' Table for disabled and elderly persons waiting to be processed.

### B. DISTRIBUTE MATERIALS AND SUPPLIES.

- ☐ Put the following items on the Officers' Table:
  - Signature Card Box (es).
  - Poll List and Supplemental Poll List.
  - Polling Place Absentee Report.
  - List of Polling Places (one copy).
  - Supply bags.
  - Advice to Challengers.

- ☐ Put the following items on the Update Table:
  - Update and Provisional Voting materials.
  - Poll List and Supplemental Poll List stamped "UPDATE TABLE".
  - List of Polling Places (one copy).
  - New Castle County Street Districting Book

☐ Give each Election Officer his/her badge.

- Make sure each Election Officer prints his/her first and last name on their badge and puts the badge on their clothing in a visible location. Badges are to be worn at all times while the polls are open.
- Use the Voting on Delaware's Electronic Voting Machine poster, Instructions to Voting Machine Operators card, Sample Ballot, and How to Make a Write-In Vote sheet stored in each voting machine, to instruct voters on using the Voting Machine.

### C. CHECK THE PROVISIONAL BALLOT POUCH AT THE UPDATE TABLE.

- ☐ The red *Provisional Ballot Pouch* was not sealed when packed into the voting machine. Make sure that the *Provisional Ballot Pouch* is at the right Election District.
- ☐ If not, call the Voting Machine Desk at 577-5060.

# D. PUT UP POSTERS AND SIGNS.

- ☐ Tape the following items at eye level (about 5 feet from the floor) on a wall where voters can read them:
  - Election District poster.
  - Representative District Map.
  - State of Delaware Voter Information poster with a Sample Ballot attached.
  - The American flag (blue field at upper left) **unless** an American Flag is prominently displayed in the room.
- ☐ Tape a POLLING PLACE poster, ELECTION DISTRICT poster and a DEVELOPMENTS poster at eye level near each entrance used by voters.
- ☐ Tape Directional Arrow posters at eye level (about 5 feet from the floor) to direct people from the building's entrance(s) to the Polling Place. Tape a Handicapped Symbol below each Directional Arrow along the accessible route.

## E. MAKE SURE THAT THE POLLING PLACE IS ACCESSIBLE.

■ Make sure that the Handicapped Entrance is unlocked.
☐ If the Handicapped Entrance <u>is</u> locked, the Inspector shall request that the custodian unlock it.
☐ If the custodian does not unlock the Handicapped Entrance, the Inspector shall call the Voting Machine Desk at <b>577-5060</b> .
☐ Make sure the exterior signs and traffic cones have been put out according to the Sign Plan. If not, put them where they should be.
☐ Complete Section I of the Sign Plan Verification Form. If the

custodian or other facility employee put out the signs, have him/her complete Federal W-9 form printed on the back. If an Election

	Let voters and Challengers into the Polling Place at 7 a.m.
J. EVACU	ATION RESPONSIBILITIES.
	Complete this paragraph after the Polling Place is ready for voters.
	The Inspector shall assign Election Officers to do the following things if it is necessary to evacuate the Polling Place:
	<ul> <li>Assign an Election Officer to take the Signature Card Box and Poll Lists with them when they evacuate.</li> </ul>
	<ul> <li>Assign one Election Officer per machine to close each voting machine in accordance with the procedures on the Emergency Evacuation Card that is in the envelope attached to the back of the voting machine to the right of the Officers Control Panel.</li> </ul>
	<ul> <li>Assign an Election Officer to make sure that everyone has evacuated.</li> <li>This person and the Inspector should be the last people to evacuate.</li> </ul>
	<ul> <li>Assign an Election Officer to escort any voters and Challengers from the Polling Place.</li> </ul>
	The Inspector shall establish a gathering point at least 100 feet away from the entrance to the building. In the event of an emergency, responding police, fire or other persons may tell you to move farther away. Follow their instructions!

☐ Discuss what to do in the event that evacuation is necessary.
---

☐ Call the Voting Machine Desk at 577-5060 if there are any questions about Evacuation Procedures.

### VIII. PROCESSING VOTERS

- Never send a person away without first calling the Department!
- A person appearing to vote shall present reasonable identification or complete an Affidavit of Affirmation of Voter Identity before being permitted to vote. Reasonable proof of <u>identity</u> may include:
  - A State of Delaware driver's license.
  - A State of Delaware automobile registration card,
  - A State of Delaware ID card,
  - · A work ID with photo and address,
  - A credit card with photograph and signature,
  - A signed Social Security card,
  - A signed Polling Place Card, or
  - A similar document that identifies the person by photograph <u>or</u> signature.
- The possession of a Polling Place Card does not mean that a person is currently registered to vote or is registered to vote at the address listed on the Polling Place Card. While it may be used as a form of identification, it shall not be used as proof that a person is registered to vote or as proof of address.
- If you cannot decide whether a person is eligible to vote <u>and/or</u> where he/she votes, call the Voter Information Center at 577-8300.
- The unsigned Signature Cards are in alphabetical order.
- A person who was not permitted to vote may appeal that decision by appearing before a judge in Superior Court. A person wishing to make such an appeal shall call the Voter Information Center at 577-83000.
- Help people who ask for assistance. If a voter looks as if he/she needs assistance, politely ask him/her if you can help.
- If a person is unhappy with anything, give him/her one of the Department business cards so that he/she can contact the Department about their issues following the election.

## A. PROCESSING THE VOTER.

- Refer to the paragraphs B through L below as appropriate if:
  - The person is not eligible to vote in the election (paragraph B below).
  - The person presents a #10 envelope with completed *Eligibility Affidavit* from another polling place (paragraph C below).
  - The voter does not have proof of identity (paragraph D below).
  - You cannot find the voter's name on the *Poll List* or the *Supplemental Poll List* (paragraph E below).
  - You cannot find the voter's *Signature Card* (paragraph F below).
  - The voter's name and/or address is different than that shown on the *Poll List*, the *Supplemental Poll List* and/or *Signature Card* (paragraph G below).
  - There is an error on the Signature Card (paragraph H below).
  - The voter's Signature Card has the phrase "ID Required" printed on it (paragraph I below).
  - The person is permitted to vote by a Court Order (paragraph J below).
  - The voter's Signature Card has "CALL DOE" hand written on it (paragraph K below).
  - The voter tells you that his/her parent, child or spouse has died or moved out of state (paragraph L below).

Ask the voter for his/her name, a	address and pr	oof of identity.
-----------------------------------	----------------	------------------

The voter shall say his/her name and address and then give the Election Officer proof of identity.

Give the voter's proof of identity back to him/her.

☐ Give the voter the signed Signature Card and send him/her to the end of the line of people waiting to use a voting machine.

# B. THE PERSON IS NOT PERMITTED TO VOTE IN THE ELECTION.

☐ Tell the person wh	y he/she was not	permitted to vote.
----------------------	------------------	--------------------

- ☐ Tell the person that he/she can appeal the decision to Superior Court.
- ☐ If the person does not appeal to Superior Court or if that appeal is denied, let the person vote by Provisional Ballot. Send the person with his/her Signature Card to the UPDATE TABLE if he/she wants to vote by Provisional Ballot.
- ☐ If the person votes by Provisional Ballot, place a checkmark in the "Provisional Voter" box on the *Signature Card* and put it behind the "PROBLEMS" divider in the *Signature Card Box*.

# I. THE VOTER'S SIGNATURE CARD STATES "ID REQUIRED."

- Federal law requires that persons who registered to vote by mail after January 1, 2003, and who did not submit a copy of required identification with the application, must show a required form of identification before being permitted to vote. Persons who did not submit a copy of the required ID and who do not present the required ID on the day of election shall vote by Provisional Ballot.
- Signature Cards for the voters who must show ID before being permitted to vote will have the phrase "ID REQUIRED" printed on the card.
  - ☐ When the words "ID REQUIRED" are printed on a voter's *Signature Card*, ask the voter to present one of the following forms of identification:
    - Current and valid photo identification; or
    - A copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the voter's name and address.
  - ☐ If the voter shows the required identification, write the type of ID presented on the *Signature Card*, such as the person's Delaware Drivers License number (i.e. DL1234567), Delmarva bill, Comcast bill, Work ID with picture and name, pay check (includes a pay advice/statement), or State ID Card number.

☐ If the voter does not show one of the required forms of identification, send the voter to the Update Table, because he/she must vote by Provisional Ballot.

### IX. VOTING

- The Inspector shall make sure that each Election Officer operating a voting machine knows that:
  - He/she has the Sample Ballot and the six-step Voting on Delaware's Electronic Voting Machine poster to use to show people how to use the voting machine.
  - He/she shall fill in the appropriate blanks on the Voting Machine Operator Card to explain how many possible selections the voter may make.
  - He/she shall make sure that each Signature Card handed to him/her is signed.
  - He/she shall explain to each person how to use the voting machine and point out the location of the green VOTE button to him/her.
  - He/she shall say the person's name before the person goes behind the curtain. <u>DO NOT</u> ANNOUNCE THE VOTER'S POLITICAL PARTY AFFILIATION.
  - He/she must push the OFFICERS CONTROL button to activate the voting machine for each voter.
  - He/she must make sure that each person completes the voting process.
  - He/she shall write the last digit of the voting machine serial number in the lower right corner of the Signature Card.
  - He/she knows the proper procedure to follow when a person leaves the voting machine and did not push the green VOTE button.
  - He/she shall put the voting machine in the kneeling position to help voters in a wheelchair or voters who may be able to more easily vote with the voting machine in the lowered position. Put the voting machine back into the upright position after the voter leaves the voting area.
- A person with a physical disability may take one (1) or (2) persons of their choice into the voting machine to assist him/her in voting. These persons SHALL NOT be the voter's employer, agents of the voter's employer or agents of the voter's union. Two (2) Election Officers with different political party affiliations shall assist the voter if a person of his/her choice is not present.

- A person who is blind or visually impaired may use ADAM to vote independently by hearing the ballot. See paragraph C below.
- Any voter may take children age 17 or younger into the voting machine with him/her. Strongly suggest that the voter keep the children on his/her left to reduce the chance that the child/ren will push the green VOTE button before the person has made all of his/her selections. There are no second chances if a child pushes the VOTE button!
- If a voter inside the curtain needs help, try to help the person without going behind the curtain. If that is not possible, two Election Officers with different political party affiliations shall go behind the curtain and help the voter, but not influence the person's choice(s). The Election Officers shall leave the curtained area before the person casts his/her ballot.
- Distribute voters equally among all the voting machines.

## A. VOTING.

- If you encounter an error code during this procedure:
  - Press the Technician Service Required button.
  - Follow the procedure for correcting this situation in the Error Codes checklist (Checklist XVI) before continuing, or call the Voting Machine Desk at 577-5060.

has signed it. If not, have him/her	sign it.					

- ☐ Say the person's name loud enough so that the Challengers can hear the information.
- Press the OFFICERS CONTROL button on the OFFICERS CONTROL PANEL to activate the voting machine for the voter.
- ☐ Tell the voter to go behind the curtain, make his/her selections and to push the green VOTE button to cast his/her

ballot.

- If the voter is inside the booth and asks how to make a write-in vote, tell them the instructions are printed on the machine just above the ballot. Ask the voter to use a regular pen, not a pencil or heavy marker, and hand them a pen if necessary. You may need to place the machine in the kneeling position for a voter to reach the write-in window.
- ☐ The voter makes his/her selections, pushes the green VOTE button to cast his/her ballot and then walks out from behind the curtain.
- A person must select at least one candidate in order to cast his/her ballot.
- After the person pushes the green VOTE button, the lights on the ballot face and Ballot Box door go out, a bell sounds, and both the PUBLIC COUNT/DISPLAY and PROTECTIVE COUNTER on the OFFICERS CONTROL PANEL advance one count. If the voter leaves without pushing the green VOTE button, follow the procedure in paragraph B below.
  - ☐ Write the last number of the Voting Machine Serial number in the lower right corner of the Signature Card.

- ☐ If there were any problems with the voting machine or voter, write the details on the back of the person's Signature Card and put the card behind the "PROBLEMS" divider at the back of the Signature Card Box.
- ☐ Put the person's Signature Card into a small cardboard box until it can be filed or put the person's Signature Card behind the right alphabetic code in the "Voted" section of the Signature Card Box. If there is a note or correction on the card and/or the card is handwritten, put it behind the appropriate divider in the special situation section of the Signature Card Box. If you

cannot decide where to file the card, put it behind the "PROBLEMS" divider.

## B. THE PERSON DOES NOT PUSH THE GREEN VOTE BUTTON!

- Stop the person and tell him/her to go back to the voting machine, check the selections and push the green VOTE button to cast his/her ballot.
- After the person has cast his/her ballot, put the Signature Card behind the right alphabetic code in the "Voted" section of the Signature

Card Box. If there is any annotation on the card and/or the card is handwritten, file it behind the appropriate divider in the special situation section of the Signature Card Box. If you cannot decide where to file the card, file it behind the "PROBLEMS" divider.

- ☐ If you cannot stop him/her:
  - DO NOT press the green "VOTE" button for the person.
  - Two Election Officers with different political party affiliations enter the curtained area and deselect any selection(s) made by the voter.
  - An Election Officer goes to the rear of the voting machine and presses the OFFICERS CONTROL button on the OFFICERS CONTROL PANEL.
  - An Election Officer writes "Left Without Voting" on the Signature Card.
  - Put the person's Signature Card behind the "Left Without Voting" divider at the back of the Signature Card Box.

#### C. ACTIVATE ADAM FOR THE BLIND OR VISUALLY IMPAIRED VOTER.

 Once a voter has started to use ADAM you cannot stop the process and de-activate the machine. If the voter becomes frustrated with the amount of time it takes and requests to proceed without ADAM, direct the voter to another machine. Put ADAM on the back shelf of the machine and allow it to time-out, approximately 4-5 minutes, and use the instructions for an E006 error condition in Checklist XVI, paragraph A to reset the machine.

	☐ Take the Signature Card from the person and make sure that he/she has signed it. If not, have him/her sign it.
	☐ Announce the voter's name. DO NOT announce party affiliation.
	☐ If there is no challenge, instruct the voter to enter the booth.
•	The voting process with ADAM may take 20 minutes or more. Offer to place a chair within the curtained area for the voter's use. For sanitation reasons, we do not re-use headphones. Do not open a new headphone package until the ADA voter is at the machine.
	☐ The voter may use his/her personal headphones. If he/she did not bring headphones, tell the ADA voter that you are opening a new headphone package and attaching it to ADAM.
	☐ Ask the voter if he/she needs assistance in putting on headphones.
	☐ Tell the ADA voter you are handing him/her a device that has headphones attached. The voter should hold the unit with the cables at the top.
•	Explain that once you activate the machine the audio instructions telling the voter how to use ADAM and guiding the voter through the process will begin immediately.
•	Make sure the voter has headphones on; that they are connected to <b>ADAM</b> and that the voter is ready to begin <b>before</b> you press the ADA VOTER button and OFFICERS CONTROL button.
	☐ When the voter is ready, push the ADA VOTER button located directly above the OFFICERS CONTROL button on the OCP.
	☐ Push the OFFICERS CONTROL button on the OCP. Audio

the machine.

☐ If the voter uses his/her personal headphones, unplug them from ADAM and give them back to him/her.
☐ Otherwise, unplug the headphones from ADAM and throw them away.
☐ Write the last number of the Voting Machine Serial number and "ADAM" in the lower right corner of the Signature Card.
☐ File the Signature Card behind the PROBLEMS divider in the Signature Card Box.
☐ Call the Department at 577-5060 to report that an ADA voter has finished and relay any problems or comments with the process. Also record this situation on <i>Election Day Issues Log</i> .
D. THE ADA VOTER LEAVES WITHOUT COMPLETING THE VOTING PROCESS.
• If the voter does not make a selection or proceed to the next announced step in 10 seconds, the machine will prompt the voter to continue. After 4 attempts with no voter action being taken, the machine will time-out. When this happens, several rows of red lights outline the face of the ballot, the machine chimes, and an E-505 error code appears in the Public Count/Display area of the OCP. Use the instructions for an E006 error condition in Checklist XVI, paragraph A to reset the machine.
☐ Stop him/her and tell him/her to return to the voting machine to complete the process. This may involve resetting the machine using E006 instructions from Checklist XVI, paragraph A if the machine has timed out.
☐ If you cannot stop him/her, write ADAM and LEFT WITHOUT VOTING on the Signature Card.
☐ File the Signature Card behind the "LEFT WITHOUT VOTING"

divider tab in the Signature Card Box.

#### X. ADDRESS AND NAME UPDATE

- The Update Table handles Address and Name updates and Provisional Voting.
- Registered voters who changed their name and/or address without having updated their voter registration record must be processed at the Update Table. The Election Officers at the Update Table will determine the Election District in which the voter lives and the Polling Place at which he/she must vote, give the voter documents to complete and then send the voter to the right Polling Place.
- Send persons who arrive at the Update Table with a completed #10 envelope containing an *Eligibility Affidavit* to the end of the line of persons waiting at the Officers' Table.
- Send persons who are registered to vote in the Election District and do not have to update their voter registration record to the end of the line of persons waiting at the Officers' Table.

### A. PROCESSING VOTERS AT THE UPDATE TABLE.

Ask the person if he/she is registered to vote.
If the person says that he/she is not registered to vote, tell him/her that since they know that they are not registered to vote that they cannot vote in this election and that they should call the Department of Elections at 577-3464 the week following the election in order to obtain an application to register to vote. Politely tell the person to leave the Polling Place. This is not a Provisional Ballot situation since the voter knows that he/she is not registered to vote. If you have a question about this step, call the Voting Machine Desk at 577-5060.
If the person says he/she is registered to vote or that he/she is not sure, give the person an <i>Eligibility Affidavit</i> and tell him/her to complete it as shown on the <i>Eligibility Affidavit Instructional Poster</i> and then give the completed document back to you.
When a person gives you a completed <i>Eligibility Affidavit</i> , make sure that the person properly completed it.

- □ One Election Officer signs in the Agency Representative block in the area below the applicant's signature.
   □ Use the New Castle County Districting Book to find the Election District in which the person's address is located.
   □ If the person is registered at another Election District, write the new Election District in which the person's address is located on the "NEW ELECTION DISTRICT" line at the tope of the #10 envelope.
   □ Use the Poll List and Supplemental Poll List to find whether the person is registered to vote in the Election District.
   □ Accomplish paragraphs B, C, D or E below as appropriate.
   B. THE PERSON IS REGISTERED IN THE ELECTION DISTRICT AND LIVES IN THE ELECTION DISTRICT.
   □ Give the completed Eligibility Affidavit to the person and send him/her to the end of the line of persons waiting at the Officers' Table.
- C. THE PERSON IS REGISTERED IN THE ELECTION DISTRICT BUT LIVES IN A DIFFERENT ELECTION DISTRICT.
  - Use the *List of Polling Places* to find the Polling Place for the new Election District.
  - Write the Building Name and address for the person's new Polling Place on the #10 envelope.

seal it.
☐ Give the envelope to the person and send him/her to the Polling Place for the Election District in which he/she now lives. <b>NOTE:</b> This may be in the same building as your Election District.
$\boldsymbol{D}.$ The person is not registered in the election district but lives in the election district.
<ul> <li>Before calling the Voter Information Center, make sure that you have the person's Social Security number, full name and date of birth. If the voter does not give you his/her Social Security number, make the call without it.</li> </ul>
☐ Call the Voter Information Center at 577-8300 or the Registration automated inquiry system at 577-3464 to determine whether the person is registered to vote.
<ul> <li>If the person <u>is registered to vote</u>, do the following:</li> </ul>
☐ Write the name of the person at the Voter Information Center who authorized the person to vote in the "remarks" block at the bottom of the <i>Eligibility Affidavit</i> . If you use the Registration Automated Inquiry System, print the phrase "RAIS" in this block.
☐ One Election Officer signs in the Agency Representative Signature space on the <i>Eligibility Affidavit</i> .
☐ Give the <i>Eligibility Affidavit</i> to the person and send the person to the <b>end</b> of the line of persons waiting at the Officer's Table.
<ul> <li>If the person <u>is not registered to vote</u>, do the following:</li> </ul>
☐ Write "Not Eligible" in the "Remarks" section on the bottom of the Eligibility Affidavit.
☐ One Election Officer signs in the Agency Representative Signature space on the <i>Eligibility Affidavit</i> .
☐ Put the Eligibility Affidavit into the white Update Return Envelope.
☐ Tell the person that he/she is not eligible to vote in the election, and that his/her application to register to vote or to update his/her voter

- ☐ If the person insists that he/she is registered to vote in the Election District, permit him/her to vote by Provisional Ballot.
- ☐ Call the Voter Information Center at 577-8300 to obtain the necessary information for the voter.

#### XI. PROVISIONAL VOTING

- The Update Table will handle Provisional Voting as well as Address and Name Updates.
- Only Federal Offices are on Delaware's Provisional Ballots.
- Election Officers in the Polling Place shall, using the material available to them and to the best of their ability, tell a person who wants to vote a Provisional Ballot the location of his/her correct Polling Place and warn him/her that his/her ballot shall not be counted if he/she is not registered to vote or votes at the wrong Polling Place.
- Election Officers shall give whatever assistance is requested by a voter who is voting by Provisional Ballot. When that assistance includes marking or assisting in marking the person's Provisional Ballot, two Election Officers with different political party affiliations shall give that assistance.
- A voter who spoils his or her Provisional Ballot and/or Provisional Ballot Envelope shall, upon request, be given a replacement Provisional Ballot and/or Provisional Ballot Envelope after giving back the spoiled Provisional Ballot and/or Provisional Ballot Envelope.
- A person who can vote by voting machine or has voted by Absentee Ballot SHALL NOT be permitted to vote by Provisional Ballot.
- Provisional Ballots are a controlled item. Under no circumstances shall Provisional Ballots be given to any person for any reason other than to a person voting by Provisional Ballot.
- You will find that the red Provisional Ballot Pouch is closed but not sealed. If
  you have no voted Provisional Ballots at the end of the election, the
  Inspector must still return the red pouch to the drop-off point but does
  not need to seal it.

## **IMPORTANT!**

DO NOT PERMIT A PERSON TO VOTE BY PROVISIONAL BALLOT UNTIL YOU HAVE:

- 1. Verified that the person's name is not on the *Poll List* or *Supplemental Poll List* for your Polling Place or any other Polling Places in your building.
- 2. Contacted the Voter Information Center regarding the person's registration status.
- 3. Determined the correct Polling Place for the person's address.
- 4. Advised the voter that he/she is at the wrong Polling Place if you have determined that he/she is at the wrong Polling Place.

YOU MUST PERMIT THE PERSON TO VOTE BY PROVISIONAL BALLOT IF:

- 1. The person insists that he/she is registered to vote at your Polling Place.
- 2. The person wants to vote at your Polling Place even though you cannot confirm that he/she is eligible to vote at your Polling Place.

#### A. PROCESSING A PROVISIONAL VOTER.

☐ Give the person the following docum	nents:

☐ Detach the curtain from the left Ballot Box door.	
☐ Lower the left curtain support rod.	
☐ Unplug the voting machine from the wall socket.	
☐ Immediately report the situation to the Voting Machine Desk at 57 5060.	'7-

# **B.** IF YOUR POWER FAILS...

- The voting machine will operate on power from a rechargeable battery for up to 16 hours if there is no power in the building or you experience a power failure. Voters may continue to vote when the voting machine is operating on battery power.
- If the voting machine is operating on battery, the Ballot Box door lights will not operate and the PUBLIC COUNT/DISPLAY on the OCP will be blank.
- When the voting machine is operating on battery, you can see the Public Count by pressing the DISPLAY PUBLIC COUNTER button on the OCP.
- If the LOW BATTERY light on the OCP is lit, there is approximately one hour of power left on the battery.

C. IF THE VOTING MACHINE BEL	L BEGINS TO RING REPEATEDLY

### XVI. ERROR CODES

- Election Officers may use this checklist to handle simple error situations the E006 or E505 error code during an election (paragraph A below), and when you find there are no results printed on the voting machine tape after they close down the voting machine (paragraph B below).
- Many Election Officers will be comfortable following these checklists, some will not.
   If you are not comfortable following these procedures or you encounter other problems, call the Voting Machine Desk at 577-5060 for assistance.
- The voting machine reset does not result in any votes being lost. The machine is returned to the same status as it was before the error occurred.

### A. VOTING MACHINE RESET – WHILE VOTING.

- Do these steps if an E006 or an E505 error condition occurs while a person is voting or when activating the voting machine for a person waiting to vote.
- Send the voter to another voting machine to vote or wait until the voting machine has been reset.
- If at any time you need assistance with this procedure, contact the Voting Machine Desk at 577-5060.
